

## **“Roberta Ciprian” 2018 award**

### **Art. 1 Selection**

A call for nomination is launched for n. 1 Prize in honor of Dr. Roberta Ciprian for the best oral presentation during the MAGNET conference. The prize will be awarded to a young scientist carrying out his/her research in the field of magnetism and magnetic properties of materials.

### **Art. 2 a Award**

The value of the Prize is € 400.00 (four hundred / 00)

### **Art. 3 Eligibility**

The call is open to a presenter of an oral contribution at the MAGNET conference . The candidate must have graduated and within five (5) years of completion of their PhD. The candidate must submit an application online (form available on the conference website) and provide his / her CV.

### **Art. 4 Examination committee**

The committee is formed by three components: a representative of IOM Trieste, a member of the AIMagn board and a representative of the MAGNET conference. The commission is appointed by AIMagn president after indications of IOM Trieste, of the AIMagn board and of the MAGNET local organizing committee. The Committee will define the ranking based on scores resulting from the application of the evaluation criteria determined by the committee itself.

### **Art. 6 Selection and ranking procedures**

The Committee proceeds with the selection after the evaluation of the oral presentations. The criteria will be following: 1. originality and innovation of the research; 2. Strength, completeness and quality of the presentation 3. consistency with the themes of the award.

The Committee votes and forms the ranking list and select the winner. With same score, the youngest candidate is preferred.

### **Art. 7 Awarding of the Prize**

The award ceremony will take place during the closing ceremony of the MAGNET conference
